## *wine menu*

Wino to dla mnie przede wszystkim różnorodność, dlatego w naszej selekcji znajdziesz głównie wina organiczne i naturalne, od wyselekcjonowanych producentów z całego świata, w tym z Polski. Jeszcze 10 lat temu polskie winiarstwo bazowało jedynie na 21 winnicach, dziś jest już ich ponad 500. Na naszych oczach tworzy się rodzima kultura winiarska.

**To najlepszy czas, aby zacząć pić polskie wino.**

Wspieramy to, co autentyczne. Wspieramy to, co regionalne.  
Jesteśmy ambasadą polskich win, z największą selekcją polskich win na świecie!

For me, wine is above all variety, which is why in our selection you will find mainly organic and natural wines from selected producers from around the world, including Poland. Only 10 years ago, Polish winemaking was based on only 21 vineyards, today there are over 500 of them. The native wine culture is being created before our eyes.

**This is the best time to start drinking Polish wine.**

We support what is authentic. We support what is regional, we are the embassy of Polish wines, with the largest selection of Polish wines in the world!
